

## Property Matters

(1) You may have noticed that some of our **Fire Extinguishers** have been replaced or repositioned to make sure that they are not too high for everyone to reach. There are also some new signs in place. This is to make sure that we comply with the latest Fire Regulations as required by Methodist Insurance.

(2) *We currently have 3 **wheelchairs** in the vestry for use at church. However, we really only need one and there may be other people who could benefit from a wheelchair. If you are someone who kindly donated a wheelchair, or if you know who did, please speak to Dot or Briony so we can talk about how best to use them in the future.*

(3) The **guttering** around the church is in desperate need of repair as when it rains water is running down the walls outside and penetrating into the church and halls. The cost of replacement is likely to be in the region of £50,000 as we must use cast iron because we are a Grade 2 listed building. We are looking at obtaining grants to help with this cost but we will also need to do some major fundraising in addition to our fundraising to help with our regular running costs. If anyone has any ideas, or knows someone who replaces cast-iron guttering, please speak to Andrew or Briony.
